

What is a Network Huddle?

EXPAT ACADEMY *is the UK's leading Global Mobility training and networking organisation*

As a member of **Expat Academy** you will be invited to join our bi-annual **Network Huddles**. If you haven't been to one before you may be wondering what on earth these are, how the days are run and who attends...

What is a Network Huddle?

A full day meeting twice a year to share knowledge with like-minded Global Mobility professionals managing similar sized programmes to yours. Discuss current issues and challenges and receive expert advice and input from Expat Academy and their network sponsors. The main aim of the day is to work collaboratively as a network to overcome current challenges.

What is the format of the day?

Building your Network

We start the day with introductions and facilitated discussions on priorities and any current challenges and issues. You'll be seated on small tables and the environment is relaxed and informal. There is no need to prepare in advance. This is a great environment to get to know your peers.

Technical updates

Our Network sponsors provide strategic and technical updates on issues relevant to you.

Corporate updates

Each meeting two or three in-house Global Mobility professionals provide interesting updates on their policies and approaches to commonly faced issues. There is plenty of opportunity to ask questions which often leads to lively discussion

Global Mobility Trends and insights

The Expat Academy team will share with you the latest Global Mobility trends and insights. We are extremely privileged to have access to hundreds of Global Mobility professionals who link in with us to benchmark policy and strategy. This gives us an unrivalled perspective on the latest trends in the marketplace.

Networking Drinks

A chance to relax and get to know your network members in an informal setting over a drink or two.
